EDUCATION

Bachelor of Science Major in Computer Science

Technological Institute of the Philippines – Manila | 2023

VOLUNTEER WORKS

- **Project Manager** - Suite Pro Bono Project (Mar – Jun 2025)
- **Vice President** – Society of Scholars (May 2020 – Oct 2021)

DESIGN PROJECT COMPLETED/RESEARCH

- **Portfolio Website** (Aug – Sep 2025) - Built an interactive, mobile-first portfolio website showcasing front-end projects. Implemented animations, transitions, hover effects, and custom UI elements such as themed scrollbars and faded backgrounds to enhance user experience. Designed with responsive layouts across all devices, leveraging clean, maintainable code and best practices in modern front-end development, routing, and optimization. <https://vanie-portfolio.vercel.app/>
- **TODO-To-Do** (Aug – Sep 2025) - a smart task management app designed to help you stay on top of both one-time and recurring tasks. With all the essentials like creating, updating, deleting, sorting, and filtering tasks, it makes organizing your day effortless. You'll also get handy features such as notifications, task completion tracking, favorites, and an easy-to-follow app guide all wrapped with smooth routing, so every task has its own place. <https://vanie-todo-to-do.vercel.app/>
- **QuizMaTa** (Work in progress) - A quiz-based web application designed for both learners and educators. It allows users to create and take quizzes with customizable time limits, passing scores, and different question types (multiple-choice, true-or-false, identification, etc.). With built-in user authentication and personalized profiles, QuizMaTa offers a secure and personalized experience for every user. It also introduces Classes, virtual rooms where quizzes are accessible only to members, enabling focused learning environments for groups, teams, or classrooms. Whether for education, training, or casual fun, QuizMaTa makes quiz creation and participation simple, interactive, and engaging. <https://quizmata.onrender.com>
